

## Publications of Louisa Burns D.O.

### Test

Source:

*Grundlegende Prinzipien der ursprünglichen Osteopathie*  
Louisa Burns D.O. Comments: Christian Hartmann M.D.  
ISBN 978-3-936679-120045

German translation of

*Studies in the Science of Osteopathy.*  
Vol. I: Basic Principles

Bibliografie, p. 296-303.

### Articles

- Burns L. Sick – but Nothing the Matter. In: OH, May 1906: 75–77.
- Burns L. The „Cold“ in the Head. In: OH, Dec 1906: 89–91.
- Burns L. What the New Year Brings. [Poem]. In: OPH, Jan 1910.
- Burns L. Wishes. [Poem]. In: OPH, Feb 1912.
- Burns L., Bolles N. Andrew Taylor Still. In: OPH, 1913: 4.
- Burns L. Proverbs. In: OM, 1914, 1(1): 3.
- Burns L. Report of General Clinic. In: OPH, 1914, XVII(2): 7.
- Burns L. What is the Value of a Medical Degree to an Osteopathy. In: OM, 1914, 1(11): 9–11.
- Burns L. (ed.). Series: The Rational Care of Children. Children in School, The School House, The Examination of Children. In: OM, 1914, I(1): 13-16.
- Burns L. (ed.). Series: The Rational Care of Children. Naughty Children. In: OM, 1914, I(2): 17-22.
- Burns L. (ed.). Series: The Rational Care of Children. Osteopathy and Little Babies, Exercise for Babies, Regularity in the Care of Children. In: OM, 1914, I(3): 11-15.
- Burns L. (ed.). Series: The Rational Care of Children. The Value of Useful Plays. In: OM, 1914, I(4): 17–18.
- Burns L. (ed.). Series: The Rational Care of Children. Little Liars. In: OM, 1914, I(5): 12-13.
- Burns L. (ed.). Series: The Rational Care of Children. A Fable for Mothers, The Meaning of the Kindergarten, The Greater Family, Health and Morality. In: OM, 1914, I(6): 16-18.
- Burns L. (ed.). Series: The Rational Care of Children. Safety First, The Montessori Idea. In: OM, 1914, I(7): 15-17.
- Burns L. (ed.). Series: The Rational Care of Children. Osteopathic View of Education, Certain Neglected Teachings. In: OM, 1914, I(8): 18-20.
- Burns L. (ed.). Series: The Rational Care of Children. Habit Spasms, Lack of Fat. In: OM, 1914, I(9): 15-22.

Burns L. (ed.). Series: The Rational Care of Children. Tubercular Children, Pets. In: OM, 1914, I(10): 17–20.

Burns L. (ed.). Series: The Rational Care of Children. Children's Headaches, Troubles and Gastric Juice, No Appetite, Wet Feet, Paralyzed Children. In: OM, 1914, I(11): 17-20.

Burns L. (ed.). Series: The Rational Care of Children. Winter Dangers. In: OM, 1915, II(1): 21–22.

Burns L. (ed.). Series: The Rational Care of Children. Drugs As Tonics, Drugs For Constipation, Happiness, Children's Best Friends. In: OM, 1915, II(2): 52-54.

Burns L. (ed.). Series: The Rational Care of Children. Convulsions in Children, Chapped Hands, Drugs for Coughing, Bedwetting. In: OM, 1915, II(3): 83-85.

Burns L. (ed.). Series: The Rational Care of Children. Osteopathic Treatment of Tiny Babies. In: OM, 1915, II(4): 116-117.

Burns L. (ed.). Series: The Rational Care of Children. Picnics, School Lunches. In: OM, 1915, II(9): 277-279.

Burns L. (ed.). Series: The Rational Care of Children. Carriers of Disease. In: OM, 1915, II(11): 341- 344.

Burns L. Sandbags and Pincushins. In: JOO, 1915, XII(7): 394–395.

Burns L. Gastric Ulcer. In: JOO, 1915, XII(10): 583–584.

Burns L. Blastomycetic and other Anemias. In: OPH, 1915, XVIII(1): 9.

Burns L. Antitoxin Statistics. In: OPH, 1915, XVIII(6): 1–2.

Burns L. Concerning Medicines In Common Use Most Have Elements Of Danger Some Positively Harmful. In: OM, 1915, II(12): 361–362.

Burns L. Flies and Children. In: OM, 1915, II(9): 263–264.

Burns L. Crippled Children, Fat Babies,. In: OM, 1915, II(10): 304–307.

Burns L. The Coming of Christmas, Gifts For Children, Sand–Piles, Save The Babies, Babies Are Not. In: OM, 1915, II(12): 371–373.

Burns L. As it Seems to Me. In: JOO, July 1916: 464.

Burns L. New and Old (poem). In: OM, 1916, III(1): 20.

Burns L. (ed.). Series: The Rational Care of Children. Courtesy and Health, Earache, Laughter, When You Were A Little Girl. In: OM, 1916, III(1): 24-26.

Burns L. (ed.). Series: The Rational Care of Children. Children Grown Up, Cold and Clothing, Water, Winter Air, Dirt. In: OM, 1916, III(2): 53-55.

Burns L. (ed.). Series: The Rational Care of Children. Repression or Self-Control, "Growing Pains", Diarrhea In Children, Thin Children. In: OM, 1916, III(3): 85-88.

Burns L. (ed.). Series: The Rational Care of Children. Children's Laughter, Fat Babies, Not Much Sick, Rubbing, Narrow Love. In: OM, 1916, III(4): 117-120.

Burns L. (ed.). Series: The Rational Care of Children. Early Spring, Swat That Fly, Sick Children, Lesions and Naughtiness, Cleanliness, Early Influences, Night Air, Time. In: OM, 1916, III(5): 149-152.

Burns L. (ed.). Series: The Rational Care of Children. The Awkward Movements of Children, Acute Chorea, Infantile Convulsions. In: OM, 1916, III(6): 181–183.

Burns L. Vacations. In: OM, 1916, III(7): 206–207.

Burns L. (ed.). Series: The Rational Care of Children. Vacation At Home, Poison Oak, A Summer Crop From Winter Sowing, Hot Weather And Colds. In: OM, 1916, III(7): 212–214.

Burns L. (ed.). Series: The Rational Care of Children. Prevention of Summer Disease, Water, Foods, Bony Lesions, Clothing, Exercise, Education, Infections. In: OM, 1916, III(8): 243-247.

Burns L. Whom Ye Ignorantly. In: OM, 1916, III(9): 272.

Burns L. (ed.). Series: The Rational Care of Children. Report of AOA meeting. In: OM, 1916, III(9): 277.

Burns L. (ed.). Series: The Rational Care of Children. Infantile Paralysis. In: OM, 1916, III(10): 308-313.

Burns L. (ed.). Series: The Rational Care of Children. Schools and Education, Children Who "Catch" Things. In: OM, 1916, III(11): 341-343.

Burns L. Tomorrow In The Making. In: OM, 1916, III(12): 363.

Burns L. (ed.). Series: The Rational Care of Children. Women's Department Bureau of Public Health of the AOA, The Public Health, Bacteria of Infantile Paralysis. In: OM, 1916, III(12): 371–373.

Burns L. (ed.). Series: Public Health and Care of Children. Public Housekeeping. In: OM, 1917, IV(2): 43.

Burns L. Series: Public Health and Care of Children. Good Out of Nazareth. In: OM, 1917, IV(3): 71.

Burns L. Series: Public Health and Care of Children. Chilblains. In: OM, 1917, IV(3): 76–77.

Burns L. Series: Public Health and Care of Children. Public Health Work. In: OM, 1917, IV(4): 97–99.

Burns L. Series: Public Health and Care of Children. A Good Beginning. In: OM, 1917, IV(5): 125–126.

Burns L. Series: Public Health and Care of Children. By-Products of Nature. In: OM, 1917, IV(6): 158–159.

Burns L. Series: Public Health and Care of Children. School Hygiene. In: OM, 1917, IV(8): 216–217.

Burns L. Series: Public Health and Care of Children. Public Sanitation, The New Sanitation. In: OM, 1917, IV(7): 184–185.

Burns L. (ed.). Series: Public Health and Care of Children. Youthful Good Health. In: OM, 1917, IV(9): 237–238.

Burns L. (ed.). Series: Public Health and Care of Children. Report. In: OM, 1917, IV(10): 265–268.

Burns L. (ed.). Series: Public Health and Care of Children. The Story of Mrs. Ginny Pigg, Caring For The Body Machinery, True Economy. In: OM, 1917, IV(11): 297–298.

Burns L. (ed.). Series: Public Health and Care of Children. Winter Ills, Falls and Strains, Sane Feeding. In: OM, 1917, IV(12): 325–326.

Burns L. (ed.). Series: Health for Women and Children. Short Beds. In: OM, 1918, V(7): 197.

Burns L. (ed.). Series: Health for Women and Children. Diarrhoeas of Children. In: OM, 1918, V(9): 256–257.

Burns L. (ed.). Series: Health for Women and Children. Osteopathic Work Among Children, Chain Diseases, Keep Milk Clean. In: OM, 1918, V(10): 285–287.

Burns L. Tribute of Dr. Louisa Burns, Research Institute. In: OT, Jan 1919: 96.

Burns L. Vertebral Lesions in Gynecology. In: JAOA, 1920, 20: 128, 151.

Burns L. Osteopathic Treatment and Laboratory Findings. In: JAOA, 1920, 20: 179–181.

Burns L. Some Obscure Causes of Uterine Malposition. In: JAOA, 1920, 20: 202–204.

Burns L. Pelvic Acidosis and Edema. In: JAOA, 1920, 20: 285–286.

Burns L. Edema Due to Vertebral Lesions. In: JAOA, 1921, 21: 205–206.

Burns L. Somatic Sensory Impulses and Vertebral Lesions. In: JAOA, 1921, 21: 601–606.

Burns L. Notes on Pernicious Anemia. In: JAOA, 1922, 22: 144–145.

Burns L. Tissue Changes in the Cervix Uteri. In: JAOA, 1922, 22: 202–203.

Burns L. Muscles in Lesioned Areas. In: JAOA, 1922, 22: 418–420.

Burns L. Vertebral Lesions and the Course of Pregnancy Animals. In: JAOA, 1923, 23: 153–155.

Burns L. The Effects of Upper Cervical and Upper Thoracical Lesions. In: JAOA, 1923, 23: 266–268.

Burns L. Sunny Slope Laboratories. In: JAOA, 1923, 23: 390.

Burns L. The Physiology of Character. In: JAOA, 1924, 24: 259–261.

Burns L. The Blood Plasma in Disease. In: JAOA, 1924, 24: 416–417.

Burns L. The Effect of Tenth Thoracic Lesions on the Dtreth of teh Duodenal Wall of the Rabbits. In: JAOA, 1924, 24: 648–651.

Burns L. The Tenth Thoracic Lesion. In: JAOA, 1924, 24: 892–894.

Burns L. Secondary Lesions Following Experimental Lesions of teh Second Thoracic Vertebra in Rabbits. In: JAOA, 1925, 25: 344–347.

Burns L. The Effects of Bony Lesions on Behavior. Part I. In: JAOA, 1925, 25: 499–501.

Burns L. The Effects of Bony Lesions on Behavior. Part II. In: JAOA, 1925, 25: 582–587.

Burns L. Principles of Determining Treatment for Patients of Abnormal Behavior. In: JAOA, 1925, 25: 659–661.

Burns L. Effects of Vertebral Lesions on Cell Structure. In: JAOA, 1926, 26: 97–101.

Burns L. Significance of Pre-Operative Study of Fibrin in Surgical Cases. In: JAOA, 1926, 26: 185–186.

Burns L. Structure of the Sympathetic Ganglia. In: JAOA, 1926, 26: 215–219.

Burns L. Effects of Bony Lesions, Part I. In: JAOA, 1926, 26: 273–277.

Burns L. Palpation of Lesioned Areas in Relation to the Subadjacent Tissues. In: JAOA, 1926, 26: 349–352.

Burns L. Detours in Diagnosis. In: JAOA, 1926, 26: 437–439.

Burns L. Clinical Laboratory Notes. In: JAOA, 1926, 26: page 833–835.

Burns L. „Thrice Armed is He Who Hath His Quarrel Just.“ In: FO, Aug 1927: 11–12.

Burns L. Effects of Bony Lesions, Part II. In: JAOA, 1927, 27: 371–375.

Burns L. Some osteopathic causes of uterine malpositions. In: JAOA, 1927, 27: 387–389.

Burns L. Effects of Bony Lesions, Part III. In: JAOA, 1927, 27: 474–477.

Burns L. Effects of Bony Lesions, Part IV. In: JAOA, 1927, 27: 585–586.

Burns L. Effects of Bony Lesions, Part V. In: JAOA, 1927, 27: 663–666.

Burns L. The Sunny Slope Laboratory of the A.T. Still Research. In: JAOA, 1927, 27: 856–857.

Burns L. Family of Rabbits With Second Thoracic or Other Lesions. In: JAOA, 1927, 27: 908–910.

Burns L. Passing of Old Lady. In: JAOA, 1927, 27: 997–998.

Burns L. Endocrines, Criminals and Us. In: FO, Sep 1928: 4.

Burns L. (ed.). Series: Health for Women and Children. True Clinic Stories. In: OM, 1928, XV(4): 12–14.

Burns L. Costogenic Anemia. In: JAOA, 1928, 28: 170–172.

Burns L. Vertebral Lesions and Gastric Ulcers. In: JAOA, 1928, 28: 187–189.

Burns L. Qualities Distinguishing Muscles Affected by Primary Vertebral Lesions from Those affected with Viscerosomatic Reflexes. In: JAOA, 1928, 28: 542–545.

Burns L. Some Neglected Findings in Uranalysis. In: JAOA, 1928, 28: 612–616.

Burns L. Gastric Changes Immediately Following Certain Vertebral Lesions. In: JAOA, 1928, 28: 681–685.

Burns L. The Blood and Gastric Juice in Normal and Lesioned Rabbits. In: JAOA, 1928, 28: 862–865.

Burns L. Series: Health for Women and Children. Spinal Lesions and Body Changes. In: OM, 1929, XVI(4): 9–10.

Burns L. Series: Health for Women and Children. Exercises to Strengthen the Stomach. In: OM, 1929, XVI(12): 11–13.

Burns L. (ed.). Series: Health for Women and Children. True Clinic Stories. In: OM, 1929, XVI(1): 22.

Burns L. Hemoglobin. In: JAOA, 1929, 29: 47–49.

Burns L. Upper Thoracic Lesions and Certain Nasopharyngeal Diseases. In: JAOA, 1929, 29: 95–97.

Burns L. The Reticulo-endothelial System. In: JAOA, 1929, 29: 147–151.

Burns L. Lesions Predisposing to Pulmonary Disease. In: JAOA, 1929, 29: 348–351.

Burns L. Upper Thoracic Lesions and the Heart. In: JAOA, 1929, 29: 519–521.

Burns L. Upper Thoracic Lesions and Certain Diseases of the Eyes. In: JAOA, 1929, 29: 601–604.

Burns L. Palpation and Pathology. In: JAOA, 1929, 29: 673–676.

Burns L. Some Surgical Aspects of the Bony Lesion. In: JAOA, 1930, 30: 99–101.

Burns L. Accidental Lesions Among Animals. In: JAOA, 1930, 30: 135–138.

Burns L. Principles of Osteopathy. In: JAOA, 1930, 30: 254–258.

Burns L. The Study of Urine. In: JAOA, 1930, 30: 308–310.

Burns L. Symposium on the A.T. Still Research Institute. In: JAOA, 1930, 30: 433–437.

Burns L. The Relative Vitality of Different Classes of Leukocytes. In: JAOA, 1930, 30: 439.

Burns L. Blood of Fetus of Three Months' Development. In: JAOA, 1930, 30: 440–441.

Burns L. Series: Health for Women and Children. Some Tiny Cooks. In: OM, 1930, XVII(6): 9–10.

Burns L. Series: Health for Women and Children. Bony Lesion and Dementia. In: OM, 1931, XVIII(4): 10–12.

Burns L. Vertebral Lesions Which Diminish Alkalinity. In: JAOA, 1931, 31: 48–49.

Burns L. The Laboratory Proofs of the Osteopathic Lesions: A Survey. In: JAOA, 1931, 31: 123–125.

Burns L. Upper Cervical Lesions In Human Subjects. In: JAOA, 1931, 31: 233–235.

Burns L. Changes in the Circulation of the White Rat Due to Upper Cervical Lesions. In: JAOA, 1931, 31: 201–202.

Burns L. Certain Bony Lesions Which Affect Blood. In: JAOA, 1931, 31: 359–361.

Burns L. Immediate Effects of Vertebral Lesions Upon the Stomach Walls. In: JAOA, 1931, 31: 393–395.

Burns L. The Effects of Upper Thoracic Lesions Upon the Development of Young Human Beings. In: JAOA, 1931, 31: 439–440.

Burns L. The Effect of Upper Thoracic Lesions in Young Animals Upon Development. In: JAOA,

1931, 31: 479–480.

Burns L. The Mechanism by Means of Which Upper Cervical Lesions Affect Brain Functions.

In: JAOA, 1931, 31: 269–270.

Burns L. Fibrinolysis and Malignancy. In: JAOA, 1932, 32: 4–7.

Burns L. Series: Health for Women and Children. A Baby's Debt to Osteopathy. In: TOM, 1932, XIX(8): 9–10.

Burns L. Series: Health for Women and Children. Tomorrow in the Making. In: TOM, 1932, XIX(11): 19–20.

Burns L. Some Neglected Aspects of the Physiology of the Diaphragm. In: JAOA, 1932, 32: 43–45.

Burns L. Developmental Causes of Pelvic Disorders. In: JAOA, 1932, 32: 79–81.

Burns L. The Anatomical Basis of Habitual Reactions. In: JAOA, 1932, 32: 350–352.

Burns L. Osteopathic Case Reports of Pulmonary Diseases, A Review. In: JAOA, 1933, 33: 1–4.

Burns L. Osteopathic Pathology of the Heart. In: JAOA, 1933, 33: 59–62.

Burns L. The Osteopathic Pathology of the Stomach. In: JAOA, 1933, 33: 111–112.

Burns L. Studies of the Intervertebral Disks. In: JAOA, 1933, 33: 215–219.

Burns L. The Osteopathic Pathology of Strains and Sprains. In: JAOA, 1933, 33: 265–269.

Burns L. Osteopathic Pathology of Spinal Muscles. In: JAOA, 1933, 33: 342–346.

Burns L. Osteopathic Pathology of Nerve Tissues Directly Affected by Vertebral Lesions. In: JAOA, 1933, 33: 397–401.

Burns L. Principles of Therapy Dependent on the Osteopathic Pathology of Sprains and Strains.

In: JAOA, 1933, 33: 441–444.

Burns L. Osteopathic Pathology of the Lungs. In: JAOA, 1933, 33: 474–478.
